## *CrackerJacks*

### Hypo-allergenic dog treats

CrackerJacks are the original James Wellbeloved treat and like our range of complete pet food are available in four delicious variants: Turkey, Duck, Lamb and Ocean White Fish that are blended with rice and seasoned with herbs. CrackerJacks contain no added artificial colours, flavours or preservatives, enabling you to treat your dog kindly. With no beef, pork, wheat, gluten or dairy products, CrackerJacks don't contain ingredients that are likely to cause food intolerances in dogs.

These naturally healthy treats are packaged in 225g foil packs especially to keep the treats fresh and are re-sealable for your convenience.

## *MiniJacks*

### Hypo-allergenic dog treats

MiniJacks, as their name suggests, are a small sized treat that still have all the valuable qualities of James Wellbeloved food. Ideal for training or as a treat for smaller dogs, they are free from

ingredients that typically cause intolerances. With no beef, pork, dairy products or wheat, they treat your dog's well-being as well as its appetite. For ease of use and to maintain the freshness of the MiniJacks, these tasty treats are available in 90g foil wrapped packs.

With four variants of Turkey, Duck, Lamb or Ocean White Fish each combined with tomato and rice and gently baked, you can be assured that your dog will enjoy being treated by you with MiniJacks. With no added artificial colours, flavours or preservatives, MiniJacks are the naturally healthy treat for your dog.

## *Pure Incentives*

### High reward hypo-allergenic training treats

Pure Incentives are the best way to encourage your dog's training, or simply give him or her a treat. Pure Incentives are available in Lamb & Rosemary and Fish & Parsley varieties, and have been developed in association with professional dog trainers to ensure that they provide the kind of 'high reward' needed to make training really effective. Freeze-dried for convenience, and supplied in a 25g re-sealable pot for long-lasting freshness, the treats are suitable for dogs and puppies of all ages.

Like all other James Wellbeloved foods, Pure Incentives contain no added artificial additives, colours, flavours or preservatives, and are naturally hypo-allergenic.

## *LightBites*

### Hypo-allergenic light low calorie dog treats

LightBites are deliciously tasty bone-shaped treats made from rice, turkey and sunflower oil. Lower in fat than most other dog treats with no added sugars, artificial colours, flavourings or preservatives. Ideal for dogs prone to putting on weight, LightBites contain only 8 calories per treat, but rest assured your dog will still feel like it is being treated because LightBites still have a full and satisfying flavour. If you find it hard to resist giving your dog the occasional treat, but hold back because you don't want him to put on weight, try putting LightBites on the menu.

THE Hypoallergenic dog treats, that are actually good for your dog!
