

Dog Food Range

Denes dog foods contain high quality, natural ingredients, with the added benefit of herbs. The herbs not only supply natural flavour and improve aroma, but also help promote good health. The range provides a complete balanced diet free from artificial additives.

Denes Wholegrain Mixer and Baked Biscuits

Denes Wholegrain Mixer is ideally fed together with Denes canned recipes.

Denes Baked Biscuits form a range of natural complementary foods, providing extra roughage, which promotes a healthy digestive system. The Baked Biscuits are square in shape and may be fed whole or can be broken into smaller pieces, making them ideal for exercising both the teeth and gums. Alternatively, they may be used as a training aid.
